

VAISHNAVI KUPPE

B.Tech Student | AI & Data Science | Web Development
Bangalore, India • Reva University • 3rd Semester / 2nd Year

AI
DATA
WEB

PROFESSIONAL SUMMARY

Motivated B.Tech student specializing in **Artificial Intelligence & Data Science**, with a strong interest in **Web Development, Python, SQL, and emerging technologies**. Passionate about building practical projects, strengthening programming fundamentals, and applying technology to real-world problems. Actively developing skills in AI, data science, software development, and problem solving.

EDUCATION

Bachelor of Technology (B.Tech)

Reva University, Bangalore

Currently pursuing – 3rd Semester / 2nd Year

Branch: **Artificial Intelligence & Data Science**

TECHNICAL SKILLS

Programming	Python, C, SQL
AI & Data Science	Artificial Intelligence, Data Analysis, Machine Learning Fundamentals
Web Development	HTML, CSS, JavaScript – Fundamentals
Database	MySQL
Tools	Git, GitHub, GitHub Desktop, VS Code, MySQL Workbench
Soft Skills	Problem Solving, Logical Thinking, Teamwork, Communication

CERTIFICATIONS & ACTIVITIES

- Completed relevant technical learning and certification programs
- Participated in project expo / technical activities
- Building practical skills through academic and personal projects
- Exploring AI, Data Science, Web Development, and emerging technologies

PROJECTS

Student Grade Calculator

Python-based application that accepts marks, calculates total and percentage, assigns grades, and displays the final pass/fail result. Strengthened Python fundamentals, conditionals, user input, and problem solving.

Bluetooth Controlled Smart Rover

Built a Bluetooth-controlled rover using an ESP32 Dev Module, L298N motor driver, TT DC motors, and a 3-wheel chassis. Focused on wireless control, embedded programming, and practical hardware-software integration.

2D Graphics Editor in C

Created a menu-driven 2D graphics editor using a character-array canvas with drawing functions for circles, rectangles, lines, and triangles. Used GitHub for version control and project tracking.

CAREER INTERESTS

Artificial Intelligence • Data Science • Machine Learning
Web Development • Software Development

CAREER OBJECTIVE

To grow as a technology professional by continuously learning, gaining practical experience, and applying AI, Data Science, and Web Development skills to create innovative and useful solutions.

“Learn. Build. Innovate. Repeat.”
